CONNECT® APP WITH 35 CONNECTED CAR FEATURES ACROSS ALL THREE VARIANTS

TECHNOLOGY

30.2 kWh Li-ION BATTERY WITH IP 67 CERTIFICATION

Powered by state-of-the-art Ziptron technology, the battery gives you the ability to be lightning quick on the road.

CHARGING

When you drive the lightning, the charging ought to be fast too.

Fast charges in just 60 minutes.

And for convenience there is the option of regular charging from any 15 A plug point.

Charges in 8.5 hours.

Comes with an onboard AC charger of 3.3 kW.

PERFORMANCE

ELECTRIC MOTOR POWER

Experience pure, unadulterated electric performance with peak output of 129 PS* and torque of 245 Nm*.

HILL ASCENT AND HILL DESCENT ASSIST

Keeps you in control of the road whether going uphill or downhill.

SUSPENSION

Dual-path strut suspension ensures comfortable ride and handling.

ONE-CLICK TRACKER

Know where your Nexon EV Prime is parked when it is difficult to locate.

NAVIGATE YOUR WAY

Travel with the Nexon EV Prime’s efficient navigation map and get information about charging stations on the go.

REMOTE DIAGNOSTICS

Get a detailed and holistic health report of the car’s battery, motor and other critical functions.

INTRUSION ALERT

Get instant notification alerts in case of unauthorized access into your Nexon EV Prime.

GEO-FENCING

You can receive an alert and can track your Nexon EV Prime if it crosses a secure radius.

REMOTE COMMAND

Control your Nexon EV Prime from anywhere.

SMART WATCH INTEGRATION

Enjoy ease of accessibility by staying in touch with your car, locking/unlocking it, as well as doing much more, all with just a tap on your smart watch.

**Compatible with select Android and iOS smart watches

CHARGING STATION LOCATOR

Know the location of your nearest charging station, always.

*Peak and torque figures as per ARAI certification.

CHARGING STATION LOCATOR
Know the location of your nearest charging stations, always.

**COMPATIBLE WITH SELECT ANDROID AND IOS SMART WATCHES**
MULTI-DRIVE MODE: DRIVE | SPORT
You can either choose the Drive Mode or experience 60% additional torque in the Sport Mode.

AUTOMATIC CLIMATE CONTROL
Standard across variants, it gives you complete control of the temperature inside your Nexon EV Prime.

REAR AC VENT
Because rear seat passengers shouldn’t miss out on the experience of lightning fast cooling.

FORTIFIED CABIN
The high-strength reinforced steel structure protects the passenger cabin by absorbing impact energy, thus ensuring you are always protected.

DUAL FRONT AIRBAGS
Dual front airbags as standard across all three variants.

COOLED GLOVE BOX
Keep things fresh and cooled with this multi-utility storage unit.

GRAND FLOOR CONSOLE WITH TAMBOUR DOOR
A console that enhances cabin aesthetics and provides smart storage options as well.

BOOT SPACE
350 litres boot space that’s expandable up to 690 litres with a 60:40 rear seat split.

SAFETY

ISOFIX AS STANDARD
Get absolute protection for your child with the ISOFIX child-seat mount.

CAMERA BASED REVERSE PARK ASSIST
(WITH DYNAMIC GUIDEWAYS)
Hassle-free parking, always. The live camera-feed is your dynamic guideway when you put your Nexon EV Prime in reverse.

ABS WITH EBD AND CSC
The Anti-lock Braking System with Electronic Brake-force Distribution and Cornering Stability Control gives you absolute control to take charge of the road.

CENTRAL ARMRESTS
Ensure comfort is on your side, when you get on the road for those long drives – at both the front and the rear.

CABIN COMFORT
Savor a noiseless drive in a spacious and comfortable cabin.

IN-CABIN DE-DUST

de-dust your cabin for a fresher ride.

RESPIRAX STANDARD
Get absolute protection for your child with the INFOTAIN child-seat mount.

CORE FEATURES

CARBON FIBER: EFFICIENT
The lightweight, high-strength carbon fiber structure enhances performance by reducing weight.

GLASS PANEL ROOF
The glass panel roof gives you the freedom to choose between the sun and the stars.

UPLIFTED ROOF LINE
The roof line is elevated to give you increased headroom and a more aerodynamic look.

FLEXIBLE SEATING ARRANGEMENT
The flexible seating arrangement offers 2, 3 or 5 seats based on your preference.

CENTRAL ARMRESTS
Ensure comfort is on your side, when you get on the road for those long drives – at both the front and the rear.

COMFORT AND CONVENIENCE

Cruise Control
Drive effortlessly with the Nexon EV Prime’s intuitive Cruise Control feature.

LOW-FLOOR CONSOLE
The low-floor console provides easy access to all storage areas.
MULTI-DRAVE MODE: DRIVE | SPORT
You can either choose the Drive Mode or experience 60% additional torque in the Sport Mode.
